## About Your Multi-Year Report

### Report sections

Results for ten EIs and selected individual survey items are displayed, organized under four broad themes. The Academic Challenge theme is represented by four EIs as well as several individual items. The three remaining engagement themes (Learning with Peers, Experiences with Faculty, and Campus Environment) are each represented by two EIs.

Results for six HIPs are displayed. First-year student results

### Interpreting year-to-year results

#### For further investigation

The Report Builder, updated with current data in the fall, allows multi-year analysis of Engagement Indicators and individual items (including HIPs). It also affords the analysis of results by subpopulation.

## Engagement Results by Theme

### Lamar University

Engagement Indicators (EIs) represent the average student responses to a set of related survey questions. The Academic Challenge theme gains four EIs as well as several important individual items. See pages 10-12 for detailed statistics. For information, including the items that make up each EI, refer to your *Engagement Indicators* report.

##### Academic Emphasis<sup>c</sup>

a. Values for Course Reading and Assigned Writing are estimated from two or more survey questions. The Course Reading changed in 2014; comparability between 2013 and later years is limited.

b. Extent to which courses challenged students to do their best work (1 = "Not at all" to 7 = "Very much").

c. How much students said the institution emphasizes spending significant time studying and on academic work (1 = "Very little," 2 = "Some," 3 = "Quite a bit," and 4 = "Very much").

## High-Impact Practices

### Lamar University

Due to their positive associations with student learning and retention, special undergraduate opportunities are designated as "high-impact." The figures below display first-year students' participation, or intent to participate, in High-Impact Practices (HIPs) by year. See page 13 for detailed statistics. For more information, refer to your *High-Impact Practices* report.

##### Learning Community

(Done or in progress)

##### Research with Faculty

(Done or in progress)

##### Internship/Field Experience

(Plan to do)

##### Study Abroad

(Plan to do)

##### Culminating Senior Experience

(Plan to do)

#### Overall first-year HIP participation

The figure below displays the percentages of first-year students who participated in at least one high-impact practice. The figure is limited to participation in service-learning, a learning community, and research with faculty.

NSSE founding director George Kuh recommends that institutions aspire for all students to participate in at least two HIPs over the course of their undergraduate experience—one during the first year and one in the context of their major.
